

Our current range of papers is deliberately limited to a small number that we know and like. We are happy to include others if there is sufficient demand. If your favourite paper is not here, let us know. Similarly, if the size you require is not listed, ask about availability and pricing.

Paper Type	Weight g/m <sup>2</sup>	Order Code	Max Size	Comments
HARMAN by Hahnemühle Gloss Baryta	320	HGB	A2+ (17"x25")	Heavy fibre-base paper with baryta layer for superb image sharpness. Looks and feels like a traditional air-died darkroom gloss paper. Perfect for B&W prints, giving bright whites and deep blacks with a $D_{max}$ of 2,4. Our favourite paper, especially for B&W.
HARMAN CRYSTALJET ELITE - Luster	260	HCJE	A2	A very affordable RC paper which has the look and feel of a traditional lustre photo paper. Gives the wide colour gamut expected from a photo paper, with minimal gloss differential.
HARMAN by Hahnemühle Matt Cotton Smooth	300	HMCS	A2	Heavy, bright white, 100% cotton paper with a very smooth surface. Good colour gamut and $D_{max}$ make this ideal for colour or B&W, while the smooth surface holds detail extremely well.

Prices given below are for single prints from one image. If you require multiple copies, discounts apply. Please contact us for details.

A4 prints and proofs are shipped in heavyweight board-backed envelopes. Larger sizes are shipped in triangular cardboard tubes with an effective diameter of 125mm (5").

Images can be printed borderless, or with a specified white border, ready for mounting and framing.

Paper Type	Price - £				
	A4	A3	A3+	A2	17"x25"
HARMAN by Hahnemühle Gloss Baryta	4.50	7.00	8.00	12.00	14.00
HARMAN CRYSTALJET ELITE Luster	4.00	6.50	7.50	11.00	-
HARMAN by Hahnemühle Matt Cotton Smooth	5.00	7.50	8.50	12.50	-
